

Edward Mueller

July 5, 1930 - April 9, 2026

Edward Joseph Mueller, 95, passed away on April 9, 2026, the very day he was due to close the sale on his long-time Lincoln Square residence.

Born in Chicago, Ed was a U.S. Korean War Army veteran and worked as an accountant. He was a dear friend and neighbor of Paul (Judith) Fasold and the late Charles "Mike" Oakes, with whom he would take vacations. Annual trips to Door County were important to him, and in recent years he greatly enjoyed his travels with Mike and Paul, who were great helpers as Ed became more infirm.

Edward Mueller was a solitary, yet friendly person, with a quick wit that often left people scratching their heads. He stayed active well into his late 80's, often riding his bicycle throughout the Ravenswood community, where he lived and maintained friendships for most of his life.

Ed enjoyed feeding the deer at Rosehill Cemetery, smoking cigarettes, and laughing at his friends' old-man jokes. He was very independent. Ed enjoyed good food, and was an able cook, making soups and pies into his 90's, until the day he almost burned down his house making ribs--which was the day when Paul realized Ed could no longer live alone. Luckily, Ed agreed to move to Amazing Grace Assisted Living and Memory Care. Ed had been up and walking as recently as three weeks before his death; his sudden but peaceful

passing occurred as he was waving to a visiting friend from his wheelchair.

Long-time family friend, Eva Marques, said "He cared deeply about the state of politics and religion, often voicing his strong opinions. But he also had a generous heart, and was a contributor to many worthy non-for-profit organizations. He was very private about his giving activities. Kindness was his most important value."

Ed was preceded in death by siblings Carl and Emily, and their parents Anthony Mueller and Rose Wilhelm Mueller.

Private cremation and scattering of cremated remains.
