“ *Genie was like family to me for the years I was the their neighbor in Lincoln Park and was one of the most impactful people in my life as a child. I will never forget how wonderful of a friend they were to me and how accepting we were of eachother. The memories I have of going on trips to Lake Geneva, to the dog beach, playing guitar hero in the basement, re-creating choreography to disney channel musicals and dressing up as princesses together are core memories I cherish to this day even though I never got to tell them that. My deepest condolences, I wish I could be there to give my love & support.*
