“ *We are deeply saddened to hear of Georgia’s passing. For the past 20 years, she was more than just a favorite server at Barone’s—she was a part of our family’s memories. We first met Georgia on a date night, long before we were married or had children, and from that moment on, she became a special part of our lives.*”

Georgia was there for countless celebrations, always with her warm smile and kind heart. She made every birthday party feel extra special, showing incredible patience and care for our boys and the rest of our family. For the past 10 years, Sunday Night Supper at Barone’s wasn’t just about the food—it was about being greeted by Georgia’s familiar warmth, her thoughtful advice (like always getting rolled edges on our Alfredo pizza), and her little ways of looking out for us.

Barone’s will never feel quite the same without her. We will miss her deeply, but we will always cherish the memories and kindness she shared with our family. Our hearts go out to Georgia’s family, friends, and all those who were lucky enough to know her.

*With love and gratitude,
The Hack Family*

“ So sad to hear about Georgia's passing. When we moved to Glen Ellyn back in 2014 with twin 4 yr old boys, naturally Barones became our "go to" restaurant as the kids loved the playroom and the pizza. One of our guys mostly stayed in the playroom. So when we ordered 2 kid meals, Georgia said "um, I only see one kid" and we showed her the other guy in the playroom. As we were regulars we got to know each other and when she learned we were new to the area and didn't have family nearby she gave me a piece of paper with her name and phone number. She said that if I ever needed help with the kids or just advice for things in the area to give her a call. She was such a kind lady! We will miss her.
