

## Mohit Sangram Hota

September 13, 1988 - November 21, 2023

Mohit Sangram Hota, 35, born in Burla, Odisha, India; passed away on November 21, 2023. He was unexpectedly taken away from us and passed at his home in Chicago's Bridgeport neighbourhood.

Mohit earned his Bachelors in Information Technology from the Vidyalankar Institute of Technology in Mumbai before moving to Chicago.

A PhD Candidate at the Illinois Institute of Technology, Mohit studied Algorithm Design and Game Theory. He published research topics which include Market Equilibrium, Efficiency of Heterogeneous Networks and Theoretical Computer Science. He has been awarded his Doctorate posthumously by the Illinois Institute of Technology.

Mohit was happy-go-lucky, clever, hard-working, and fun-loving with a quick wit. He loved video gaming, Metallica and Iron Maiden, science fiction, and nerding-out on new technologies. He has left behind a trail of achievements, published several research papers, and has also left a smile on every heart that knew him. He was a wonderful son, brother, friend, and colleague. Aptly named "Bubbles", he was a child at heart, clear, luminous with a touch of magical rainbow and wise in thoughts. He aimed to live a noble life and had the highest of regards for those who dedicate their life to teaching.

Beloved only child of Sangram Keshari Hota and Deepa Hota of Odisha, India. Grandson of the late Surya Kanti Hota, Narendra Prasad Hota, Dinesh Chandra Padhi, and Chaaya Devi.

Mohit will be deeply missed by all his cousins Buli, Babi, Babu, Somu, Romu, Jita, Lipi, Sibbu, Rainy, Winty, Reema, Biraj, Munu, Jay, Dev, Mamali, and Guddu.

...and the rest of the Hota and Padhi families, and also by his many friends and colleagues.

Om Shanti! (<https://www.give.shantibhavanchildren.org>) May his soul find peace and happiness in his next journey.

Cremation service Thursday, November 30, 1pm at Bohemian National Cemetery, 5255 N. Pulaski Rd., Chicago, IL 60630.

In lieu of flowers, donations may be made in his name to Shanti Bhavan Children (<https://www.shantibhavanchildren.org/donate/>)

“ Dear Family and Friends of Mohit,

*This is Newsy, the student who greeted Mohit with "My name is Jeff" on our very first day of class.*

*Navigating a class from 6:25 pm to 9 pm is a daunting task. Professor Mohit embraced this challenge with grace, despite the hurdles posed by his health.*

*His sense of humor and joy never waned. He was committed to making each session engaging and ensured that every student felt included and heard. His lighthearted and goofy nature made him more than just a teacher to us; to me, he was a cherished friend.*

*I remember our moments of eye-to-eye laughter and the light-hearted spirit he brought into our lives. Mohit wanted us to find joy and laughter even in the toughest times, a testament to his positive outlook on life.*

*In his honor, and as a symbol of our enduring respect and love, I proposed to the class that we plant a tree for him. I am pleased to share that the computer science department has approved this idea, and we are currently awaiting final confirmation from the administration.*

*This tree will stand as a living tribute to Mohit, a constant reminder of the shade of knowledge he provided and the joy he wished for all of us.*

*In shared remembrance,*

*Newsy (Jeff)*
