

Sean Boyle

September 26, 1980 - June 5, 2026

It is with profound sadness and hearts full of love that we announce the passing of Sean Gabriel Boyle, age 45, who left this world on June 5, 2026, after facing illness with remarkable courage and grace.

Sean was the kind of person who made every room brighter simply by being in it. Gifted with an irrepressible sense of humor, he had a rare and beautiful ability to bring laughter and lightness even in the most difficult moments — a gift that touched everyone fortunate enough to know him. His warmth was genuine, his heart enormous, and his presence unforgettable.

Music was one of Sean's great loves. Whether strumming his guitar or simply losing himself in a song, music spoke to something deep in his soul. He was equally passionate about good food — especially a perfect slice of New York pizza — and the joy of travel, always eager to explore the world with open eyes and an open heart. A man of many talents, Sean brought the same dedication and skill to his work as he did to everything he loved.

Sean also nurtured a deep inner life. Meditation and spirituality were sources of great meaning and peace for him.

Above all, Sean lived to lift others up. He had an extraordinary gift for seeing

people, truly seeing them, and making them feel valued and cared for. His guiding motto said it all: "Stay positive and do something nice for someone." He didn't just say those words — he lived them every single day.

Sean is survived by the love of his life, Raya; his beloved daughter Emma (Aylin); his parents Maureen and Dennis; his brother Kevin and sister-in-law Galina; and a cherished circle of aunts, uncles, and cousins who will carry him in their hearts always.

He was loved beyond measure. He will be missed beyond words.
